

Network Security Administrator Network Security Administrator Rawlins, WY Focused and detail-oriented professional geek with a passion for security, technology, goals, and improving efficiency for myself and my associates. Infosec proselytizer and open-source advocate. Comfy in front of a Windows or Linux terminal. ISTJ. Hand me a problem and let me at it. Authorized to work in the US for any employer

Work Experience

Network Security Administrator Bank of Commerce - Rawlins, WY February 2015 to Present

- Provided significant savings and more rapid deployment during infrastructure refresh projects by managing customization and configuration in-house instead of relying on MSP
- Improved network security by personally applying endpoint vulnerability research and remediation, as well as penetration testing and user cybersecurity education and training
- Supplied rapid resolution of technical issues for end users
- Improved business continuity by introducing failover WAN circuit
- Strengthened disaster recovery and incident response plans by streamlining processes and writing additional procedures
- Enhanced efficiency in multiple departments by designing macro-enabled spreadsheets and scripts

Computer Repair Technician EMPYRE SOLUTIONS - Rawlins, WY January 2013 to February 2015

- Reduced PC disinfection time by a day and a half by combining, scripting, or multi-threading virus removal steps
- Ensured consistency in customer experience by enhancing a checklist for repair steps
- Enhanced the repair process by introducing several open-source tools that more effectively diagnosed or cleaned infected machines
- Increased the scope of reparable machines by building a network boot server

Actor, Team Leader COVENANT PLAYERS - Oxnard, CA January 2010 to December 2012

- Managed team of 3-4, delivered assignments and met project deadlines
- Provided administration of CRM and database software for mobile team
- On-call technical support for other team leaders
- Organized itinerary spanning 2-6 U.S. states
- Memorized one-act scripts and directed plays for true and improvised stages
