

PACKAGE HANDLER PACKAGE HANDLER Electronic Technician Pittsfield, NH Work Experience  
PACKAGE HANDLER Federal Express - Londonderry, NH November 2018 to Present Freight  
Package Handler Electronic Technician Assurance Technology Corporation - Chelmsford, MA  
March 2015 to Present Perform and document all screening tests Test Satellite components and  
verify passing limits in regards to capacitance, dissipation factor, Quality factor, Contact Resistance,  
Dielectric Withstanding Voltage, Insulation resistance, Inductance, DC Resistance, Contact  
Resistance, Temperature, Seal Leak, Frequency Testing, SRF Complete constant acceleration  
testing, run pind tests, perform thermal shock, temperature cycling, surge current testing, Voltage  
Conditioning and building of Boards, Burn in, Bake, no Load, Temperature Cycling, Thermal Shock,  
Surge Current, Power Supplies, Marking, Equipment Calibration, Gross Seal Leak, Fine Seal Leak,  
Soldering Driver Michaels Transportation Inc - Marblehead, MA May 2013 to June 2015 Medical  
Shuttle Systems Administrator North Shore Medical Center - Salem, MA September 2004 to  
September 2012 Implemented software applications for medical records SQL Servers and  
Tunnels Documented system policies and procedures Trained users and provided support for  
over 80 employees Responsible for backup and recovery Education Associate of Science degree  
ITT Technical Institute - Wilmington, MA March 2013 to March 2015 Skills Analog, Analyzer, Mil  
spec, Oscilloscopes, Multimeters, Spectrum analyzer, Excel, Powerpoint, Microsoft word, Word,  
Windows 98, Customer service, Technical support, Documentation Additional Information SKILLS &  
ABILITIES Operating Systems Windows 98/2000/XP/2007 Software Microsoft Word,  
PowerPoint, Excel Install, configure and troubleshoot Omega RD9900 and 8500 Technical  
Support/Customer Service Call Center Installation support Ticket System/Documentation  
Hardware/Software Electronics Analog and Digital Electronics Voltage, Current, Resistance,  
power calculations, Delta calculations Screening equipment: Espec Temperature Chambers,  
Sharon Vacuums, Centrifuge, Oscilloscopes, Multimeters, Agilent, Quadtech, Vitrek equipment,  
Spectrum Analyzer Mil Spec Standards, TRS requirements, Data Capture Oven Room Control  
Development Stamps and programming language C+ Communication Strong written and oral  
skills
