

Project Manager IT Project Manager IT Warren, OH Leadership Experience: I have been a multi-sport athlete since I was young (4 years old). When it comes to team athletics I have always been a leader even when placed on older age group teams. I never asked to be a leader my coaches just always saw leadership traits in me. They saw coachability and always giving my 110% - work ethic and character. In the words of hall of fame coach Vince Lombardi Leaders are made, they are not born. They are made by hard effort, which is the price which all of us must pay to achieve any goal that is worthwhile. Good leaders can not only lead but pull leadership qualities out of the people under them; they can make a copy of themselves. If you cannot follow you can never lead. All of my leadership/character references are people whom I have, in some fashion, followed as a leader and pursued mentorship/discipleship from.
