

Teaching Assistant Teaching Assistant Graphic + Information designer New York, NY I am a recent graduate of Northeastern University's BFA program in Graphic and Information design. Previously I have worked producing websites and print marketing for commercial buildings in the Boston Area.

I am highly interested in product design and identity strategy in apparel, footwear and consumer goods. I refer to my design process as holistic and transparent, revolving around knowledge of standards and limitations of various production methods in order to complete ideas and works. Work

Experience Teaching Assistant Northeastern College of Arts Media & Design - Boston, MA September 2017 to September 2018 Prepare and create visual aids, supplementary notes, and lectures to lead students through examples on digital illustration and sketching techniques. Record
