

Statistician - Database administrator Statistician - Database administrator Statistician - Database administrator Timisoara, US Work Experience Statistician - Database administrator S.C. Toluna Romania S.R.L November 2014 to April 2016 Job domain: Marketing Company industry: Advertising & Media No. of employees: 400 Company description: An efficient work environment, serious when dealing with multiple projects and tough deadlines; nice pranks between colleagues when workload allowed it. Responsibilities: Checking if surveys from different marketing companies were correct, using S.P.S.S. syntax. Also a verification for the study itself - regarding its structure and cascade conditions. As a final stage each one of us prepared delivery formats such as S.P.S.S., Triple -S, Excel. Accomplishments: Worked on major projects with renowned companies and foreign government projects. Medical representative S.C. MIP Pharma S.R.L April 2013 to April 2014 Job domain: Sales Company industry: Pharmaceuticals No. of employees: 60 Company description: A dynamic and stimulating company which provided a big range of information into pharmaceutical field. Always encountering new persons and situation pushing us to adapt in an instant. Responsibilities: First of all, we had to make the name of the company known in Romania, between second and third, were the presentations and sales combined with each medical representative personal style. Accomplishments: Saying this one on short - hospitals were my domain, so I made several good deals in those places. Education Psihologie clinica si consiliere psihologica in Psihologie Universitatea de Vest - Timișoara 2006 to 2011
