

Front- End Developer - UI/UX Specialist Front-End Developer - UI/UX Specialist Front- End Developer - UI/UX Specialist - Fiserv Columbia, SC 7+ years experienced, dynamic and detail-oriented Web and UI/UX Developer with a track record of spearheading teams to engineer user-centric solutions for achieving breakthrough efficiency and driving client satisfaction. Authorized to work in the US for any employer Work Experience Front- End Developer - UI/UX Specialist Fiserv - Chapin, SC April 2010 to Present Developed a front- end framework for one of Fiserv s flagship banking portals improving the platform s UX by 75%, decreasing implementation time by 40% and reducing errors by 50%. The framework that was developed makes it possible for an Implementation team without UI expertise to customize a consistent design theme for each financial client. This framework is now used for all new client projects going forward in the division s flagship financial portal product. Created clean, intuitive, and responsive Web and mobile banking interfaces with reusable design patterns for banks and credit unions. Collaborated with development, product management, and customers to understand and establish user requirements for current and future software applications. Developed, presented, and demonstrated customized user interfaces for clients and the Sales demo division. Recently developed and deployed a new framework that follows best practices for UX across devices. Improved API performance by 20% through retooling C# components. Improved look and feel and branding by 60% by redesigning the web app portal, making it possible to create the first W3C-compliant site for the division. Involved in, maintaining, troubleshooting, and adding features to web and mobile applications in an Agile environment. Art Director - Senior Graphic Designer PM Systems Corporation - Chapin, SC April 2007 to Present Successfully managed and coordinated graphic design projects from a conception through rollout. Consulted and collaborated with clients to create a vision, conceive designs, prototype workflows and UI to meet requirements and deadlines. Conducted a lucrative marketing campaign, which led to a 30% increase in signed contracts. Graphic Designer Stonewall Marketing Group - Marietta, OH October 2004 to March 2007 Created professional marketing campaigns for various companies in the financial, healthcare and tourism sectors. In addition, worked on-site with print vendors press runs and oversaw quality control. Collaborated closely with other designers to meet strict

deadlines for clients including Peoples Bank, St. Joseph's Hospital, Simonton Windows, Suddenlink Communications, and more. Freelance Graphic Illustrator Semantic Compaction Systems - Pittsburgh, PA June 2004 to October 2004 Created over 100 digital illustrations and icons for application programs.
