mechanics faculty Petersburg State University 2015 Skills Jdbc. (4 years), Junit (1 year), Mvc (2
years), Oracle (4 years), Scala (1 year) Additional Information Skills JDBC JUnit ORACLE Mockito
Cats Sbt SCALA ScalaTest Akka http Quill Spark Further information About me The most of my
career I worked as a backend developer with MVC architecture. Now I work at Tinkoff Bank as a
scala developer in a high load project. Which is the facade of Tinkoff Bank. After hours I read
technical literature, write small programmes to improve my knowledges of some unobvious scala
tricks or libraries and sometimes contribute some code to my petproject. Sharnikov Oleg Resume
