

IT Project Manager II IT Project Manager II IT Project Manager II - First Financial Bank / Greensburg
Greensburg, IN Analytical and organized, with expertise in core data conversions, merger and
acquisition project management, developing project scope documentation, identifying stakeholders,
and managing and delivering high quality projects on time. Authorized to work in the US for any
employer Work Experience IT Project Manager II First Financial Bank / Greensburg 2018 to Present
Exhibits proactive leadership in setting up strategic projects and delivering positive results as it
relates to established goals, long-range planning, and new directives. Focused on delivering high
quality projects on time and within budget. Proficient in Microsoft Office Suite (Project, Excel,
Access, Word, PowerPoint, and Visio), core banking systems, databases, MCIF systems, CRM,
query tools, and multiple platform systems. Create roadmap for future projects with respect to
priority ranking and overall strategic impact. Senior Project Manager MainSource Financial Group /
Greensburg 2013 to 2018 Manage merger and acquisition projects. This includes the physical
conversion of locations such as re-branding, remodeling, equipment, security and technical aspects
as well as the data conversion of all systems into the surviving core and platform systems.
Continuously improve Project Management Office processes in creating centralized lessons learned
database, collecting project risk factors and reporting Key Performance Indicators for long-term
analysis. Prioritize projects by analyzing the outcomes for alignment with strategic objectives and
evaluating the cost/benefit analysis. Implemented an online project management system,
developed scoring mechanisms within the system, and manage multiple projects within the system
while fostering strong adoptions rates throughout the company. Coordinates all facets of the
project from vision and scope, identifying deliverables, managing through execution, monitoring and
controlling and closing the project. Manage multiple projects simultaneously ranging from system
implementations to process improvement. Education Bachelor of Arts Indiana University -
