

DBA DBA DBA - Electronic Funds Source I am a seasoned Information Technology Professional with experience in the following areas: Database Development & Administration Application Development Project Management Project Estimation & Budgeting Business Requirement Analysis & Documentation Application / Database Testing Supporting of Microsoft Active Directory / Systems Administration Environment Work Experience DBA WEX Inc. August 2013 to Present Administering databases in SQL 2005, 2008 R2, 2012, 2014, 2016 Performance Tuning using Microsoft SQL Profiler and Database Tuning Advisor SQL Server Reporting Services Administration / Development SQL Server Integration Services Administration / Development SQL Clustering Administration / Support Log Shipping Administration / Support DBA Green Tree Servicing April 2013 to June 2013 Administered databases in SQL 2000, 2005, 2008 R2, 2012 Installed SQL 2008 R2 & 2012 databases Performance Tuning using Microsoft SQL Profiler and Database Tuning Advisor DBA Mortgage Resource Center November 2012 to February 2013 Administered 30 databases in SQL 2000, 2005, 2008 R2 Installed SQL 2008 R2 databases Managed Snapshot and Transactional Replication and Mirroring Performance Tuning using Microsoft SQL Profiler and Database Tuning Advisor Scheduled after hours SQL Database maintenance and patches Developed SQL Server Integration Services packages (SSIS) in SQL 2008 R2 Developed SQL Server Reports (SSRS) in SQL 2008 R2 Worked with Third Party Vendors to install and administer SQL 2008 R2 databases Developed SQL code using SQL Server T-Sql in SQL 2008 R2 Trained and Mentored Application Developers in developing Database objects using T-Sql code DBA Washington County April 2012 to September 2012 Administered 50 databases in SQL 2000, 2005, 2008 R2, Oracle 11i Installed SQL 2008 R2 databases Managed an Active-Passive SQL Cluster Environment Managed Snapshot and Transactional Replication between two office locations Performed backups/restores using Red Gate SQL Backup Performance Tuning using Microsoft SQL Profiler and Database Tuning Advisor Scheduled after hours SQL Database maintenance and patches Converted SQL Server Databases from SQL 2000, 2005 to SQL 2008 R2 Developed SQL code using SQL Server T-Sql in SQL 2008 R2 Trained and Mentored Application Developers in developing Database objects

using T-Sql code. Developed SQL Server Integration Services packages (SSIS) in SQL 2008 R2  
Developed SQL Server Reports (SSRS) in SQL 2008 R2 Worked with Third Party Vendors to  
install and administer SQL 2008 R2 databases SQL Developer Virtual Radio Logic January 2012 to  
April 2012 Assisted with SQL Server Administration / Development in SQL 2005 and 2008 R2  
Designed SQL Server Integration Services Packages (SSIS) to support a Analysis Services cube  
environment in SQL 2008 R2 Developed SQL Server Analysis Services (SSAS) Cubes n SQL  
2008 R2 to support the Marketing Department. I worked on troubleshooting performance issues  
with production SQL code SQL Server Database Conversions from SQL 2005 to 2008 R2  
Worked with Business Analysts and Application Developers to coordinate Stored Procedure  
Development and Database Connectivity DBA/ SQL Developer Dolan Media February 2011 to  
January 2012 Administered and Maintained Databases in SQL 2000, 2005, and 2008 R2 Setup  
and Maintained SQL Replication: Snapshot & Transactional, Mirroring, Log Shipping in SQL 2008  
R2 to provide Business Continuity and Disaster Recovery solutions Developed and supported  
SQL Server T-Sql objects in SQL 2000, 2005, and 2008 R2 to support and Application Development  
environment Designed and Administered Integration Services packages (SSIS) i n SQL 2005 and  
2008 R2 Created SQL Server Reports (SSRS) in SQL 2005 and 2008 R2 Trained and Mentored  
Application Developers on developing SQL Server T-Sql coding SQL Developer Food Services of  
America August 2010 to February 2011 Microsoft SQL Server Development: T-SQL development  
in SQL 2008 R2 IBM DataStage Development: Datastage Packages Business Requirements  
Analysis and Documentation Data Analysis Database / Application Consultant Independent  
January 2005 to August 2010 Microsoft SQL Server Administration / Development in SQL 2000,  
2005, 2008 R2 Oracle Database Administration / Development in 9i, 10g, 11i SSAS - Analysis  
Cube Design / Administration SSIS - Business Intelligence Design / Administration SQL Server  
Performance Tuning SQL Server SSIS, SSRS Migration from SQL Server 2000 to SQL Server  
2005 32-bit & 64-bit Microsoft .Net Web Development in .Net 2003 & 2005, Classic ASP  
Integration of IBM AS/400 data into SQL Server 2005 Business Objects / Crystal Reports Xi  
Report Development Wireless Technology Problem Resolution Project Management Business

Requirements Analysis and Documentation    Application Testing & Validation    Quality Assurance

SDLC SQL Developer Consultant (contract) Dolan Media - Minneapolis, MN April 2010 to July 2010

SQL Server T-Sql Development    SQL Server Integration Services (SSIS) Development

Database Mapping / Translation SQL Developer Consultant (contract) US Bank - Saint Paul, MN

March 2010 to April 2010    SQL Server Reporting Services (SSRS) Development    SQL Server

Integration Services (SSIS) Development    Legacy Data Mapping / Translation    Technical

Documentation SQL Report Developer Meridian, ID May 2009 to July 2009    Microsoft SQL Server

Administration / Development    SQL Server Reporting Services Development Database

Administrator Neways - Springville, UT September 2008 to February 2009    Microsoft SQL Server

Administration / Development    Oracle Database Administration / Development    SQL Server

Integration Services Development    SQL Server Reporting Services Development    SQL Server

Analysis Services Development Database Administrator/Developer Landscape Structures, Inc -

Delano, MN June 2004 to February 2005    Microsoft SQL Server Administration / Development

Access/VBA Development    Database Modeling and Architecture in SQL Server 2000    Database

Backup / Recovery    Performance Tuning    Business Requirements Analysis    Business

Requirements Analysis & Documentation    Worked closely with ERP Application & eBusiness

Application Development Groups    SQL Server 2000 T-SQL Development/Testing    Change

Management of Entire Information Technology Department    Wireless Technology Problem

Resolution Database Analyst (Contract) Bankers Systems, Inc - Saint Cloud, MN February 2004 to

June 2004    Database Modeling and Architecture in Oracle 8i/9i and SQL Server 2000    Business

Requirements Analysis    Performance Tuning    Business Requirements Analysis & Documentation

Database Process and Procedure Analysis & Documentation    Oracle 8i/9i PL/SQL

Development/Testing    SQL Server 2000 T-SQL Development/Testing    Oracle 8i/9i to SQL Server

database conversion Database Project Engineer Starkey Laboratories - Eden Prairie, MN March

2003 to February 2004    Access/VBA Development    Database Administration: Oracle 8i/9i and SQL

Server 2000 databases    Data Mapping    Data Verification and Testing    Business Requirements

Analysis & Documentation    Oracle 8i/9i PL/SQL Development    SQL Server 2000 T-SQL

Development   ETL Data Conversion Systems Analyst (Contract) Guidant Corporation - Saint Paul, MN October 2002 to January 2003   Systems Analysis: Helped to determine business needs and developed technical solutions to satisfy those needs.   Access/VBA Programming: Forms, Reports, Modules, SQL, ASP   Data Mapping   Data Verification and Testing   Business Requirements Analysis & Documentation Database Administrator/ Developer Return, Inc - Wayzata, MN March 2001 to October 2002   Oracle Database Administration   Database Tuning   Oracle 8i/9i PL/SQL Development   Crystal Reports Development   Crystal Enterprise Development   Application / Database Testing   Business Requirements Analysis & Documentation Project Consultant (Contract) Maxim Group - Roseville, MN February 2000 to March 2001   Developed Crystal Reports using PL/SQL against an Oracle 8i Database   Assisted the Oracle Application Developers and Oracle DBA's with various tasks as necessary   Application / Database Testing   Business Requirements Analysis & Documentation Technical Consultant (Contract) Intelligent Solutions - Bloomington, MN May 2000 to December 2000   Performed technical interviews with candidates that were being considered for positions here in the Twin Cities area.   Recruited candidates for positions involving Oracle   Worked closely with Oracle DBA's and Oracle Application Developers Systems Engineer Northern Digital, Inc - Bakersfield, CA September 1998 to April 2000   As a Systems Engineer this mainly involved implementing and interfacing with asset management / maintenance software applications.   As a Systems Engineer, there responsibilities included the following Systems Integration and DBA function:   \* Performed Oracle DBA and SQL Server DBA functions. Setup and modified Oracle and SQL Server databases to specific customer requirements.   \* Trained our customer's Oracle DBA's on how to effectively manage the databases that were setup during the implementation process.   \* Performed platform upgrades for several customers using Oracle Databases on both UNIX and Windows NT environments.   \* Modified system and user tables for specific customer implementations.   \* Wrote stored procedures and triggers for specific customer implementations.   \* Cleaned and loaded customer data into the database using the Oracle and SQL Server data loading tools and PL/SQL.   \* Wrote custom data load applications in Visual Basic and Access/VBA.   \* Created and modified software written for Janus 2020 bar code readers that were

used to interface with Maximo. \* Setup and interfaced to Bar Code applications that were used in conjunction with Maximo. \* Crystal Reports (Version 7) and SQR Report Development \* Data Mapping \* Data Verification and Testing \* Business Requirements Analysis & Documentation

Programmer/Analyst (Contract) Microtrak International - Bakersfield, CA July 1998 to September 1998 Clipper Application/ Database Development Programmer/Analyst (Contract) Robinson-Muenster - Sioux Falls, SD June 1998 to July 1998 FoxPro dBase Application/ Database Development. Programmer/Analyst (Contract) Citibank - Sioux Falls, SD February 1998 to June 1998 Wrote several Access applications to replace some legacy DOS applications. Assisted with the conversion of a mainframe accounting system to a Windows based system. Programmer/Analyst Western Surety - Sioux Falls, SD November 1996 to February 1998 Used Access, Visual Basic, and Delphi against UNIX and SQL Server databases to create custom applications to improve the quality and efficiency of the consumer response time. Developed an electronic bond form application using a product called JetForm. Programmer/Analyst (Contract) Special Teams - Brookings, SD September 1996 to November 1996 Continued development of a Pascal DOS-based program that was used Kiosk's of various types. Programmer/Analyst ICONtrol - Watertown, SD December 1995 to September 1996 Designed/developed custom software in Delphi and Dexterity for an application called Dynamics. Education Bachelor of Arts in Computer Science Augustana College - Sioux Falls, SD Skills Database (10+ years), Integration (10+ years), MS SQL SERVER (10+ years), SQL (10+ years), SQL Server (10+ years) Additional Information TECHNICAL SKILLS SUMMARY Microsoft SQL Server Administration: 2000,2005,2008 R2, 2012, 2014, 2016 T-Sql Development: 2000, 2005, 2008 R2 32-bit & 64-bit, 2012 Microsoft SQL Server 2005, 2008,2012 Reports Services (SSRS) Integration Services (SSIS), Analysis Services (SSAS) Oracle Database Administration PL/SQL Development: 7,8,9,10g Microsoft .Net 2003/2005: ASP, VB, C# Microsoft Access/VBA: 97,2000,XP,2003 Crystal Reports - various versions IBM iSeries AS/400 Paradox dBase Clipper JetForm Intermec Wireless Technology Operating Systems: Windows 95, 98, 2000, XP, 2003 Server 32-bit & 64-bit,2008 R2, 2012 Database Process and Procedure Analysis & Documentation Business Requirements Analysis Data Mapping Data Testing & Validation

Application Testing & Validation Business Requirements Analysis & Documentation SDLC Quality Assurance / Testing Active Directory IBM DataStage Development
