

Front End Developer Front End Developer Orlando, FL Authorized to work in the US for any employer Work Experience Front End Developer FanHero - Orlando, FL February 2016 to May 2018

Re-built the client web portal using React, Redux, Webpack, styledcomponents, among other libraries. Built out the web views within our apps with HTML, CSS, Javascript, and jQuery (ex. Roster, schedule for the Orlando City Soccer app). Used Photoshop to design the original themes for the apps. Built out the themes using Titanium. Added client apps onto the App Store/Play Store and maintained and updated them. Provided input from a developer's perspective on design and app themes for the web portal to designers and management. Built out a component of the app in React Native using the YouTube API. Experienced in peer programming. Education Web Development DevMountain - Provo, UT August 2015 to November 2015 AA in General Studies Seminole State College - Sanford, FL May 2013 Skills Javascript, HTML, CSS, AngularJS, NodeJS, MongoDB, React, Front End, Front-End Links <https://www.linkedin.com/in/williammech> <http://wtmech.github.io> Additional Information SKILLS HTML CSS Javascript AngularJS nodeJS EXPRESS React mongoDB mongooseJS Photoshop CC GIT + GitHub
