

Software Developer Software Developer ANGULAR DEVELOPER | FRONT END PROGRAMMER
Angular / Typescript / Javascript (ES6) / CSS (SCSS) / Coldfusion / PrimeNG / SQL / HTML Denver,
CO Currently available for project, contract and remote opportunities in the Denver, CO / Phoenix,
AZ / West Palm Beach, FL areas. Most recently experienced in Angular/Typescript/Javascript
development and front end application development using HTML/CSS/SCSS/Javascript. Authorized
to work in the US for any employer Work Experience Software Developer Thoutt Bros Inc - Denver,
CO May 2008 to Present I worked with the department leaders to obtain requirements then
designed, built, tested and secured a custom internal application which has just eclipsed its 10th
year in production. (Coldfusion, PostgreSQL, Javascript, Bootstrap, SQL, PDF generation, Active
Directory integration, Excel spreadsheet generation, Exchange Server integration.) Frequent
requests for mini and one-off application functionality, more recently being built and deployed in
Angular. Built and deployed services using Coldfusion backend CFCs and authentication using IIS
and Active Directory Integration. Multiple Software Contracting Roles TCA Enterprises, LLC -
Denver, CO January 2000 to Present Please request my resume as I have over 20 years of
software development experience in a variety of industries, using multiple languages and protocols.
rich@cfsnap.com Software Engineer Benchmark Electronics - Tempe, AZ November 2018 to June
2019 Performed Business Analyst duties to close some security gaps and tighten up a mission
critical quote/order application that had been developed and deployed incrementally over the last 20
years. I translated existing functionality and desired features into future-state system requirements.
Proposed a full migration path to current internet technologies, including hardware, software and
code base enhancements. Angular 7, Hubspot, CMS, SQL Server, IIS and MS Access. Angular
Software Engineer Jeppesen/Boeing - Denver, CO January 2018 to September 2018 Worked with
the great folks at Jeppesen/Boeing build a newly designed interface to their Operator application.
Some Angular 1.3 but mostly 4.0, PrimeNG (PrimeFaces), HTML, CSS, Tomcat, Angular CLI. I also
researched and implemented test cases to streamline load times for the application using Web pack,
Webpack Bundle Analyzer and the CommonsChunkPlugin. I was able to optimize some of the code
directly using trackBy:, ChangeDetectorRef, and Rxjs' Share/debounceTime(). Agile environment,

JIRA, GIT.... Education Bachelor's in Exercise Science/Nutrition Montclair State College - Upper
Montclair, NJ August 1987 to June 1992 Skills Javascript, MySQL, Angular (3 years), CSS (10+
years), Typescript (3 years), Web Development (10+ years), Coldfusion (10+ years), PrimeNG
PrimeFaces (2 years)
