

Job Seeker 3+ years of experience in ORACLE Database Administration on Production and Development Databases. Install Oracle Clusterware (as part of Oracle's grid infrastructure) or upgrade from earlier version. Work with Oracle Automatic Storage Management and Oracle Storage Management Cluster File management. Create synchronized standby database using Oracle Data Guard. Reliably archive and store data with Oracle recovery manager. Configuring Oracle 12c Control Enterprise Manager for management of an Oracle Maximum availability environment. Extensive experience in administering, troubleshooting, supporting, analyzing & improving performance of Oracle Databases. Interacted with end users. Experience in administering and monitoring database using Toad, OEM. Designed strategies for performing database backups and recovery. Experience in High Availability RAC, Data Guard implementation, troubleshooting and scheduled maintains activity. Applying CPU, PSU and one off patch set. Strong interpersonal, time management and organizational skills. Proven team player with strong ability to multitask. Experience in capacity planning, space management, database upgrades/migration. Expert in ORACLE Database Administration including planning/implementing backup/recovery strategies using RMAN and without RMAN. Expertise in installation and configuration of Oracle and large databases on Unix Operating System. Creating and maintaining logins, synonyms and access privileges using roles, controlling access to the database using operating system and Oracle security features. Experience in developing PL/SQL objects. Creating report using HTML. Work Experience Wipro InfoTech December 2012 to Present Client: BAFL (March 2012 to Nov 2013) Database Administrator Mattel Inc January 2011 to February 2012 Installation, up gradation 10g, 11g and 12c grid control installation. ? Experience in capacity planning, space management, database upgrades/migration. ? Applying Patches and Patch sets for Oracle 10g, 11g and 12c Cloud Control. ? Creating database for Testing/Development/Production. ? Data Guard configuration and troubleshooting. ? RAC Monitoring and troubleshooting. ? Migrated Non-ASM Single Instance to ASM RAC Instance. ? Creation of users, granting accesses permissions to users using roles and appropriate privileges. ? Managing Import/Export and Data Pump depending up on Requirement. ? Implementation of backup and recovery processes using

RMAN. ? Creating Database Links and Snapshots (Materialized views). ? Regularly monitoring the performance of database. ? Proficient use of AWR, ADDM, SQLTRPT for analyzing the performance of the database. ? Gathering the database statistics to improve performance. ? Creation of Plan of Action for various DBA Maintains activities. ? Explicitly use of Explain plan and Tkprof Utility for better performance. ? Analysing indexes and rebuilding indexes on weekly. ? Raising SR with oracle for critical issues. ? Database Baseline implementation and review. ? Providing 24X7 supports for production databases. ? Regular monitoring of Alert log file on day-to-day basis.

PL/SQL Developer MBK Software August 2010 to December 2010 System analysis and database design. ? Create scripts to load the data in to tables using SQL Loader. ? Population of database using SQL*Loader. ? Oracle SQL Query optimization. ? Evaluation on packages for higher performance using Explain Plan, sql*plus and tkprof. ? Performance analysis of different database objects. ? Development of the front-end functionality. ? Create various Stored Procedures and Database triggers.

Education B.C.A University of pune 2010 Additional Information

TECHNICAL SKILLS Languages: SQL, PL/SQL, UNIX shell programming Operating Systems: AIX 6.1, REDHAT LINUX 5.3, Solaris, Windows. Database: ORACLE 11g/10g on UNIX and Windows. Database Tools: EXPORT, IMPORT, DATAPUMP, RMAN, OEM, Toad, TK Prof Utilities: AWR, ADDM, SQLTRPT, ASH, RDA Scheduling Tool: UC 4 job scheduling Tool, crontab and AT Command Ticketing Tool: Remedy Ticketing Tool (BMC Inc)

KEY SKILLS Self motivated, good communication skill, ability to work in adverse situations, mentally strong, positive thinking, creative and logical thinking, cooperative & helping team worker, Quick learner
