

Filemaker Developer Filemaker Developer VivaLaData Poultney, VT I have been programming with databases on and off the web since the early 90's. I have a virtual private server at pair.com to host websites, ftp, and email. In addition to web and interface development, my services include data analysis, extraction, conversion, encryption, process automation, and workflow processes using FileMaker, SQL, PHP, CSS, HTML, javascript, applescript, and command line language for DOS and unix. I have integrated with Brandwise, Periship, Shopify, Braintree, Paypal, Authorize.net, Quickbooks, and numerous other cross-platform systems. Authorized to work in the US for any employer

Work Experience Filemaker Developer Skeem Design - Philadelphia, PA May 2017 to Present I built and maintain a FileMaker system that goes between their sales through Brandwise and AccountEdge. We also use FileMaker to make custom reports. Database Developer/ Web Developer/ Web Application Developer Outpatient Surgery Magazine - Malvern, PA June 2005 to Present I've built and maintained numerous systems for Outpatient Surgery Magazine, incorporating with existing solutions as well as starting from scratch. We manage mailouts, content, pricing, proposals, and participation in their annual conference. I built them a badge scanning system for conference attendees, and have integrate FileMaker with MySQL systems that I or others have built. I've also built secure web interfaces to the MySQL databases I've built for them using javascript, CSS, HTML, and PHP. Database Developer/ Web Developer Woodstock Film Festival - Woodstock, NY July 2003 to Present I built up their website into a custom MySQL PHP backed system that used FileMaker as a back end interface to coordinate their online sales with their box office in real time. We printed tickets on demand with thermal printers, incorporated credit card readers, cash drawers, and receipt printers on Windows machines with their FileMaker interface. Senior Engineer Productive Computing - San Marcos, CA May 2019 to July 2019 Full-time FileMaker Pro database and web development. They laid me off due to lack of work. I decided that part-time work was a better fit to balance family obligations, but I may be back part-time as a consultant for special projects. Filemaker Developer Mahrberg Wealth AG - Lichtenstein August 2017 to November 2018 Automated German and Austrian taxes for funds in FileMaker Pro Filemaker Developer/ Web Developer DDB - New York, NY July 2000 to June 2018 Database and process automation with

FileMaker Pro, integration with web - graphic uploads. Developed online job application system for their website using PHP. Database Developer/ Web Developer GrowandBehold - Brooklyn, NY July 2010 to December 2017 I built and maintained the initial system that GrowandBehold used to take their business from just an idea to a multimillion dollar business in only a few years. We had a MySQL PHP backed website with a FileMaker admin for order processes and to allow customers to manage their own accounts. We managed content, mailings, coupons, referral incentives, and more through this system. We integrated our shipping system with Periship. FileMaker Developer/ Web Developer Omnicom University - New York, NY October 2001 to October 2017 Database and web development using FileMaker and Lasso Filemaker Developer Kaz, Incorporated - Hudson, NY November 1998 to March 2011 I built and maintained FileMaker systems for Kaz for quality control and consumer support, product replacement and returns. Database Developer/ Web Developer Earthcare Technologies - Springfield, VA March 2004 to June 2009 Developed a war memorial kiosk interface installed in Memorial Hall of the Annapolis Naval Academy. Developed database and interactive web for multiple years of FPED (Force Protection Equipment Demonstration). Database Developer Tiffany & Co - Process - New York, NY September 1997 to January 2007 Process automation and database development. Tied Canto Cumulus to FileMaker Pro, and automated workflow between FileMaker and publishing applications with applescript. Education Bachelor of Science University of Minnesota Skills MySQL (10+ years), Javascript (10+ years), PHP (10+ years), HTML 5 (4 years), Filemaker Pro (10+ years), HTML (10+ years), CSS (10+ years) Links <http://www.vivaladata.com> Certifications/Licenses MacOSX Help Desk Essentials v10.3 July 2004 to Present FileMaker 17 July 2019 to Present Assessments Critical Thinking Expert July 2019 Using logic to solve problems.
