

Software Developer Software Developer Software Developer Reston, VA Work Experience Software Developer L.D. Ness Inc - Herndon, VA April 2014 to January 2018 L.D. Ness is a small business providing software development services to clients across the DC metro area. In this role I worked on numerous projects for diverse clients, such as: Designed, developed and integrated a web-based payment processing tool for a real estate document automation company using JavaScript, HTML5, MySQL and client APIs to successfully deliver a more efficient tool to the client.

Assisted with design and development of a web-based event management system for a client that works with high schools and colleges around the globe to help develop emerging leaders. Worked with clients and internal teams to develop competitive analysis software for credit unions. Technologies include CSS, Canvas, SQL Server, and GIT for source control. Worked hand in hand with clients to design, develop and implement an inventory and sales management system for a staircase manufacturer. This tool enabled the client to improve time to estimate new jobs, and to better track sales. Created a productivity tool which simplified the process of merging changes with the GIT repository. Used C#, Windows forms and Windows registry. Education Bachelor's in Computer Science University of Maryland University College January 2018 to Present Skills SQL SERVER, MYSQL, ORACLE, SQL, C#, Git, JAVASCRIPT, PHP, VBA, AJAX, ASP, CSS, IIS, IIS 8, ASP.NET, HTML5, JAVA, jQuery, EXCEL, HTML 5, Android Awards Upsilon Pi Epsilon (UPE) Member 2019-03 Upsilon Pi Epsilon (UPE) Member - International Honor Society for the Computing and Information Disciplines (GPA 4.0). Graduation date: October 2019.
