

Front End Web Developer Front End Web Developer Front End Web Developer Houston, TX I am a former teacher turned front- end web developer. I love all things tech and science. Currently, I am working as a freelance web and app developer with experience at creating sites for clients as diverse as artists and real estate agencies. Most of my free time is spent honing my craft as a developer and learning new programming languages and frameworks. I believe it is always important to have a growth mindset and contribute positively to the world and our future. Authorized to work in the US for any employer Work Experience Front End Web Developer waltercole.com - Houston, TX December 2018 to Present Utilized HTML5, CSS3, JavaScript, JQuery, Bootstrap, to build responsive websites for clients Collaborated with graphic designer to develop customer focused websites for clients.
