

Sr Creative Producer Web Developer Production Designer Sr Creative Producer Web Developer
Production Designer Graphic Designer | Illustrator | Web Designer San Jose, CA Design isn't just about making things look great but how it solves problems. With my experience and skillsets, I get to:

- * play around with layouts and figure out how it all works on a web page or brochure
- * sketch copious amount of thumbnails to figure out which will work best for an illustration project
- * design logos while ensuring it fits the overall brand strategy

I'm very fortunate to have a career where I can utilize design to solve problems. I'm always seeking to learn new skills while strengthening my current abilities. Authorized to work in the US for any employer
