Distribution Center Site Manager Anheuser-Busch - Los Angeles, CA June 2017 to September 2018 Promoted and relocated to start-up and oversee daily operations of a new 3PL-managed distribution center. Developed and implemented strategy to successfully start-up a new distribution center from scratch in Montclair, California to supply 1,600 SKU's of beer product to 41 ABI wholesalers in the states of California, Nevada, and Arizona. Cultivated and continued to strengthen relationships with Biagi Bros., a full-service third-party logistics provider (3PL) handling day-to-day operations of the distribution center including loading and unloading trucks and maintaining inventory. Managed a \$3 million annual budget, handled all financial details, invoices, inventory; ensured Biagi Bros. and their team of 30, fulfilled terms of the agreement with ABI; handled relationship and business with Allied

Universal Security with staff of 5. Oversaw all details to ensure the successful operation of the 130,000 s.f. distribution center, maintaining an inventory of 580,000 cases of beer in a 60 controlled environment warehouse, and 9,000 kegs in a cold room maintained at 36 . Designed and executed strategy to ship 16 to 18 SKUs per load to wholesalers throughout the three state service area. Served as single point of contact with 12 ABI breweries, multiple craft breweries, all zone & brewery groups, 3PL, wholesalers, solutions, transport, and Business Service Center to ensure overall success of inventory management, order management, transport management, and fleet management. Assisted as needed in a pseudo Operations Manager role to ensure adequate scheduling and efficient shipping. Railroad Coordinator, Transportation Anheuser-Busch - St. Louis, MO June 2015 to June 2017 Promoted to oversee all day-to-day rail operations for inbound raw materials and outbound beer shipments in North America. Cultivated and strengthened relationships and managed business with North America's largest railroads including Union Pacific, CSX, C&W, FURL, BNSF, California Southern, CP, and Norfolk Southern. Served as the sole ABI employee to manage the daily transportation of raw materials to all breweries located in the United States, Canada and Mexico to ensure safe inventory levels and continued production. Accurately maintained and ordered empty railcar supplies for outbound beer shipments originating from the Ft. Collins, CO, Saint Louis, MO and Fairfield, CA breweries within an annual \$15 million budget. Communicated with multiple supply chain areas (suppliers, warehouses, inventory management, railroads, carriers, etc.) to resolve issues in a timely manner and prevent operational downtime. Senior Analyst II, Transportation Anheuser-Busch - St. Louis, MO September 2014 to June 2015 Promoted into a full-time position to identify cost savings opportunities from transportation management systems. Analyzed transportation cost data for movement of beer from breweries in the Northeast U.S. to wholesalers in the assigned territory to save cost and improve processes; researched and benchmarked best practices within the industry. Served as Transportation Coordinator at breweries in Newark, NJ, Baldwinsville, NY, Columbus, OH, and Merrimack, NH. Properly extracted and analyzed data from various transportation management systems. Provided recommendations as necessary to increase success of customer supply chains. Proactively and

professionally communicated opportunities to increase performance of customers' accounts.
