Freelance Web Developer Self Employed - Lewisville, TX June 2017 to Present I build various
websites using bootstrap, angular, node.js for various individuals seeking political office in Denton
county. I also build twitter/reddit bots to monitor relevant content and automate some of the more
mundane tasks of running a political campaign. Software Support EZLynx - Dallas, TX November
2017 to January 2019 Assist in troubleshooting user reported issues. Answer tickets via freshdesk.
Submit JIRA tickets and follow up until there is a resolution Assist with setup of a customer portal
which is implemented using an IFrame on the customers website so that their customers can gain
quotes, print off ID cards and make changes to their insurance policies. Customer Relations ||
COMMUNITY OUTREACH - Lewisville, TX May 2015 to March 2017 In the community outreach
position I worked hand-in-hand with the directors of various state housing finance agencies to
deliver results to tens of thousands of homeowners. This was accomplished by using a MySQL
generated app to draft reports. Those reports were audited to ensure accuracy and compliance with
US treasury guidelines. I also had the pleasure of going to homeowners assistance events across
the country to meet with homeowners and find programs to help them stay in their homes. Deed In
Lieu Nationstar Mortgage - Lewisville, TX November 2012 to March 2015 I made over a hundred
outbound calls a week to homeowners in the deed in lieu application process. I also took inbound
calls regarding home loan modifications, deed in lieu applications and short sale listings. Additionally
I worked with hoa, cities, counties and 2nd lien holders to negotiate a lien release to proceed with
our process of signing the deed over from the homeowner to Nationstar. Bankruptcy Loss Mitigation
Nationstar - Lewisville, TX May 2010 to November 2012 I took inbound calls regarding a range of
customer/attorney inquiries ranging from payment application, loan modification assistance to
bankruptcy filing. Our goal was to solve any customer complains on the first call Education
