

Front- end- developer Front-end-developer Front- end- developer - Ace Plumbing and Rooter, Inc  
Daly City, CA Authorized to work in the US for any employer Work Experience Front- end- developer  
Ace Plumbing and Rooter, Inc - San Francisco, CA 2016 to Present I am responsible for taking  
ownership, implementing and optimizing our Web service's Frontend. I have a knack for  
implementing good looking UI without compromising Usability or accessibility. ?Software  
Development - San Francisco, Bay Area 2015 + I was responsible for taking care of performance  
optimization and test for bugs, developing responsive web layout and bringing to life a mobile  
friendly UI. As a front- end- developer I was responsible for delivering and optimizing an intuitive  
and fluid user experience that helped growth teams and analysts to research, test and deploy a  
range of optimization strategies on a daily basis. Web Coordinator - Russia 2006 to 2008 During my  
college years in Russia I volunteered as a web coordinator for about two years at a startup company  
where I was working directly with the engineers that built the system from the ground up on many  
different projects that helped bringing the company to the next level. Education Codify Academy -  
San Francisco, CA 2016 Skills Adobe photoshop (Less than 1 year), Ajax (Less than 1 year), Api  
(Less than 1 year), Ui (3 years), User interface (3 years), Javascript, HTML 5, Git, CSS, jQuery
