

Web Developer Web Developer Web Developer Erie, PA I was first drawn to technology when I was in the Air Force, when I finished serving I continued working in IT support. I then choose to enroll to Georgia Southern, there was a prerequisite for taking a Computer Science class, I was hooked ever since. I now strive to improve usability and performance whenever possible. I thoroughly enjoy development, it is my hobby turned into my profession.

Work Experience Web Developer Guardian Protection Services - Warrendale, PA April 2018 to Present Project development in C# MVC while maintaining older web form projects managed through TFS for version control. Projects include building internal and external facing account management systems. Manipulation of bootstrap css and SCSS in shared layouts.
