Software School Work Experience JUNIOR WEB DEVELOPER Nashville Software School August
2018 to Present Experience Being an enthusiast, I am always eager to explore new JUNIOR WEB
DEVELOPER areas and computer programming is one of them. After a few years of managing and
working in an Nashville Software School August 2018 - Present Assisted living facility, I decided to
make a career shift. Created individual and group projects using HTML, CSS, Javascript and My
curiosity to know about how software applications JQuery worked lead me to explore more about
coding the Utilized Github source code version control for all projects world. During my motherhood,
I got the perfect time to Wrote projects practicing JavaScript fundamentals leveraging DRY
self-learn and program my first simple webpage using modular, readable code and reusable
components HTML and CSS. Being innovative and good at problem Created To Do application and
Lego builder application using task solving, I realized programming is the perfect fit for my
automation with Webpack. Utilized Linting with ESLint and module career. I decided to enhance my
skills by joining part- bundling time professional training at NSS while still looking Developed and
contributed to group projects using REACT framework and after my kids. deployed through firebase
Practiced unit testing TDD in C# Assistant Administrator Harmony Senior Living Center LLC
November 2012 to November 2013 Community Options Inc June 2010 to June 2012 June 2010 -
June 2012 REACT framework. API is developed using C#, SQL and dapper. Responsible for
management of about 20 direct care support staff including recruitment, selection, evaluation and
continuous training <https://github.com/ripalpatel/BeaconAndLoaves> Collaborated with agency nurse
to train staff on administration of medication for the residents. Reviewed and updated medication
chart on Education Nashville Software School Masters in Healthcare Administration in management
facility maintenance and Western Kentucky University Bachelors of Science in Public Health Middle
