

Java Web Developer Java Web Developer Java Web Developer - PNC Financial Services Group
 Pittsburgh, PA Work Experience Java Web Developer PNC Financial Services Group - Pittsburgh,
 PA November 2017 to Present SQL PNC Hackathon Developer Portal MySql Decomposed a
 legacy developer portal application into four Familiar with: JavaScript micro-services to enhance
 portability XML/HTML Containerized individual applications with Docker Maintained the portal's
 NodeJS frontend and Spring Boot SKILLS Object Oriented backend Programming Provided
 technical support on portal usage and monitored the Test-Driven application servers during
 Hackathon events Development Third Party API Integration Agile Techniques Designed a data
 abstraction layer the consists of multiple Web Services micro-services between PNC and third
 party company (REST) applications SCRUM/XP Exposed data through APIs in a Spring Boot
 application. TECHNOLOGY Utilized the Spring MVC framework to create the model-
 PROFICIENCIES: controller architecture Built the applications with configurable data sources to
 TOOLS Eclipse minimize migration costs in the event of data provider changes IntelliJ Created
 unit tests and layer tests using the Spock Testing VS Code framework and Mockito; minimum
 provide code coverage Postman Generated Swagger 2 documentation for the APIs using Spring
 Git Tomcat/Apache Fox and AsciiDoc documentation with AsciiDoctor MySql Developer
 Jackson Test Development Engineer Intern SanDisk, a Western Digital Brand - Milpitas, CA June
 2016 to September 2016 Hibernate Created automation to organize data into Excel tables; used
 the Spring Boot Apache POI library to create easily accessible look-up tables Spring MVC
 Updated PERL scripts to fix conventional naming errors in device Spring Data JUnit look-up
 table files Spock Testing Determined best storage option (AccuRev or Subversion); updated
 most efficient test code as a proof of concept OPERATING SYSTEM Unix/Linux Windows
 Education B.S. in Electrical Engineering University of California - San Diego, CA June 2017 Skills
 Core Java, Hibernate, Java, Rest, Spring Certifications/Licenses Oracle Certified Associate
 September 2017 to Present Java 8 Certified
