

Front End Developer Front End Developer Front End Developer Hollis Center, ME I like working with other people who are happy with what they are doing. That usually means it's professional, modern, and intuitive work. I like building sites, and learning new skills and techniques. I know I will always be learning and like challenges that help develop and polish my skills. Authorized to work in the US for any employer Work Experience Front End Developer The VIA Agency April 2015 to June 2017 The VIA Agency is a full-service advertising and marketing agency. My responsibilities included creating and maintaining websites for VIA's clients. Was on a team of 3 developers that built Perdue Chicken and Klondike Ice Cream Bars websites. I developed and built banner ads for clients such as, Three Olives Vodka, T.RowePrice, CertainTeed, and Klondike Ice Cream. I maintained The VIA Agency website, and created single page sites to present VIA's work to potential clients. I was also responsible for building mobile friendly company emails to friends of VIA. Skills HTML 5 (3 years), CSS3 (3 years), Hype by Tumult (Less than 1 year), JavaScript (2 years), Perch CMS (3 years)
