System Administrator, AWS, Powershell, Cisco, DNS, Magento Development (1 year), C, Embedded Links <http://www.secnehosting.com> Military Service Branch: US Air Force Service Country: United States Rank: Staff Sgt November 2003 to December 2012 Repaired IT and RF technology, created wiring schematics, troubleshooting and maintaining global communications networks. Commendations: Good Conduct. Achievement Medal. Global War On Terrorism Medal. National Defense Medal. AF Outstanding Unit Award with Cluster Unit Compliance Inspection Superior Team Award Awards Air Force Outstanding Unit Award 2010-11 Our unit was awarded for great service. Air Combat Command Superior Team Award 2007-10 This award was given because my outstanding performance contributed to improving our military units effectiveness and we received high marks during our United States Air Force Compliance Inspection. Air Force Achievement Award 2007-11 Awarded for meritorious service in support of communications projects during my tour of duty on the Azores island in Portugal. Senior Airman Below The Zone 2005-11 Below the zone (BTZ) is a competitive early promotion program offered to enlisted U.S. Air Force personnel in the grade of Airman First Class/E-3. This early promotion opportunity is restricted to elite Airmen who stand out from their peers and perform duties at a level above their current rank. Selection opportunity is 15 percent of the total time-in-grade (TIG) and time-in-service (TIS) eligible population. Airmen eligible for BTZ usually go before a board of judges, a board generally composed of their senior leadership. A "package", reviewed by the panel of judges, is also constructed for each competing Airman listing in bulleted format his/her major accomplishments and attributes. Upon selection for promotion, the Airmen will then receive a date upon which their newly assigned rank of Senior Airman will take effect. The effective date of promotion is six months earlier than the normal promotion date, hence "below the (promotion) zone" Expeditionary Aerospace Power Gold Coin 2005-10 Presented personally to me by the Commander of the 65ABW at Lajes Air Base in Azores Portugal. The award is for excellent work in communications repair and leading major projects in support of the USAF 65th Air Base Wing and Portuguese Air Force Azores Air Zone Command. Constant operations and movement of troops through the Atlantic back and forth between overseas locations. Up And Comer Nomination Tampa Bay Business Journal 2016-08 This
