

Software Developer Software Developer Hammond, IN Senior Software Developer and owner of CyberLite Technology LLC. I am the lead developer for the CyberLite Technology website, as well as all current projects and applications developed by the company. I am also a graduate from Purdue University Northwest where I received my Bachelor of Science in Computer Science with minors in Applied Mathematics and Statistics. I'm vying for a jump start in the world of software development by diving straight into the deep-end of freelance software development and running a small company. I also run and maintain my blog site where I attempt to give insight into my learning process as well as any tips or advice I may have for my readers. Authorized to work in the US for any employer
