Links <https://www.linkedin.com/in/daniel-espitia-4000a6b3/> <https://iamcoding.github.io> Additional Information To whom it may concern, I am currently a student at Cuyamaca College, I am majoring in Web Development and have been searching for a position in the hopes of expanding my on the job experiences and improving my technical skills. My course focus is primarily on Web Development. I recently volunteered at The Water Conservation Garden where I honed my skills in Wordpress , HTML, CSS3, Bootstrap, Javascript/Jquery and Adobe Photoshop. At the Garden I oversaw the website and managed posts, news articles , workshop classes and photography for the organization. I am a team player, enjoy working with people and forming new close working relationships with those working with me. I am extremely organized and enjoy reaching the completion stages, learning new technologies & finishing tasks at hand. I believe that my high work ethic and social abilities are what are needed in order to fulfill the employer needs ensuring an enjoyable work environment. I thank you for your time and consideration today and very much look forward to hearing from you. Link to Portfolio <https://iamcoding.github.io/> Wordpress dannyespitia.com
