

Project Manager ( IT) Project Manager (IT) Project Manager ( IT) - Amazon.com Inc Work Experience Project Manager ( IT) Amazon.com Inc - Sunnyvale, CA May 2016 to Present Sunnyvale, CA

- o Managed five fashion attribute annotation projects from start to finish; developing project plans for Engineering, AI Researcher, and Data Annotation teams, facilitating progress throughout the SDLC ensuring the teams meet key deadlines to meet our target dates.
- o Led key project meetings to discuss timelines, identify and drive resolution of blockers, and present deliverables, metrics, and milestones to stakeholders.
- o Collaborated with our partner teams to translate their needs into business requirement and software design review documents.
- o Created and presented business proposal documents outlining budget, procedure, and resource allocation needed to gather small-scale targeted data sets.
- o Delivered over 95k annotated images by establishing detailed project guidelines and training over 100 overseas employees with no fashion knowledge to accurately annotate fashion outfit images.
- o Ensured deliverable quality through training sessions, training test queues, and data validation bringing the average success rate from 71% to 92%.
- o Created User Acceptance Test (UAT) suites and performed end-to-end UAT, identifying and driving resolution of bugs with the engineering team.
