

Systems Administrator I , IT support II, c# .net developer Systems Administrator I , IT support II, c# .net developer Software Developer/IT Support/ Systems Administrator Porter, TX I am a hard working self starter. I like to solve problems and I hate the word "can't". I jump into projects and I am not afraid to drill for information and working with my team to find not only temporary fixes but also solid solutions. I am a life long student and I spend tons of time on Stackoverflow, GitHub, and sites such as Udemy as well as Pluralsight. I also post "How to Videos" and articles on technology and programming. I believe part of learning is also teaching. Authorized to work in the US for any employer Work Experience Systems Administrator I , IT support II, c# .net developer DENTAL SYSTEMS INC - Huffman, TX December 2016 to Present Openstack management of instances and volumes, 3cx phone server support, desktop support including VNC Shadow for Remote Clients and Gotomeetings, technology help desk II, JR systems administrator, PF Sense firewall management, Cisco VPN programming for remote users using IKE1 and IKE2 keying, remote user support, software and hardware troubleshooting and support including printer and fax setup, c# .Net programming API endpoints. Data management, client side applications, RSA, AES, and JSON webtoken implementation. Experience with Windows API and building custom Windows Drivers (built a custom v4 print driver). Windows forms and data manipulation experience. Model View Control client and website projects using .Net and asp.net. Support node.js backend , SQL query using LINQ. Ubuntu and Windows server experience, css, html5, bootstrap, and angular projects.
