

Director of IT/Architect/ Project Manager Director of IT/Architect/Project Manager Director of IT/Architect/ Project Manager - I App Health Coral Springs, FL Work Experience Director of IT/Architect/ Project Manager I App Health - Coral Springs, FL April 2016 to Present iApphealth Corp is a cloud-based (AWS) software company specialized in Healthcare Related Software. Its current product is "Health Risk Finder", which is specialized in assessing Patient Health Risk and providing targeted Counseling services. I have managed this SaaS application from Initiation (concept) to Implementation. I am currently leading an offshore team (2 front end dev, 1 Architect, 1 DBA and 1 PM) to implement/manage this software. Key technology stacks of this software are AngularJS, Web API (RESTful), C# .NET, JSON, PL/SQL and Oracle 11g as the Database. Tried to follow SOLID design principles across the board. Applied Microservices Architecture by balancing the code in multiple domains. To manage the Continuous integration (CI/CD) workflow, we used AWS Toolkit for VS, AWS SDK for .Net and AWS Tools for VSTS, AWS S3, Lambda, CodeDeploy, CodePipeline, EBS, and EC2 infrastructure. AWS RDS has been used to manage the Oracle DB. Krita/Adobe Photoshop has been used for graphics activities. Agile software KanbanFlow has been used to manage the project. Below is my list of responsibilities including but not limited to:

Procurement Education M.S. in Computer Science Texas A&M University at Kingsville - Kingsville, TX B.S. in Civil Engineering Bangladesh University of Eng. & Tech - Dhaka, BD Skills Javascript, MySQL, ASP Additional Information Areas of expertise: Application Development - Project Management - Technical Leadership - IT Transformation - On/Off Shore model implementation SaaS Implementation - Mergers & Acquisition - Post Merger Integration - Change Management - Compliance - Solution Architecture IT Operations - Application Support - Process Improvement & Optimization - Migrations - Budgeting - Team Building & Motivation - Resource Allocation - Negotiation Technical Proficiencies Data Warehouse, Data Mart, ETL Tool (OWB, Informatica, SSIS), Business Intelligent (BOI, Hyperion, OBIEE, SSAS, SSRS), Data Modeling, Dashboarding, SDLC, Service Oriented Architecture (SOA), Agile (Scrum/KanBan), KanbanFlow, Trello, Waterfall, SEO, Operational Data Store (ODS), Operational Document Repository (ODR), Federated Model, Oracle, SQL Server, MySQL, PostgreSQL, DB2, VSAM, PL/SQL, T-SQL, PL/pgSQL, COBOL, .Net
