

Front End Web Developer Front End Web Developer Front End Web Developer -
JoovayArias@Gmail.com New York, NY Authorized to work in the US for any employer Work
Experience Front End Web Developer Self Own Business - New York, NY June 2017 to Present
Worked with many clients, developing responsive websites that include E-Commerce, Restaurant,
Hair Salon, Dance Studio, Portfolios, Blogging and custom POS functionalities. Preparing multiple
designs and wireframes for clients approval before proceeding with development. Reformatted
code to be more manageable or efficient for clients with outdated, unmanageable sites using a
modern design or implementing a CMS such as Wordpress based on the clients needs.
Researched and consulted alternative solutions while enhancing the look, functionality and
appearance of their website and recommended the most efficient, cost effective solution. Junior Full
Stack Web Developer Fellow General Assembly - New York, NY January 2019 to June 2019
Completed the CodeBridge program at Per Scholas which prepared me to further my Computer
Science fundamentals and Web Development skills, During my 5 months at the program I worked
on various web applications everyday in order to practice and demonstrate my technical abilities.
Completed General Assembly s 12-week long Software Engineering Immersive (SEI) training
program dedicated to preparing students to think like engineers and approach problems creatively in
an agile work environment which also included working in teams. Built and deployed several
full-stack web applications using HTML, CSS, JavaScript, Python, Ruby, React, Express, Ruby on
Rails, and SQL Databases. Deployed these projects using platforms such as Github, Heroku, and
AWS. Education Certificate of Completion in Software Engineering General Assembly - New York,
NY January 2019 to June 2019 Computer Science New York City College of Technology September
2003 to June 2004 Skills Front End, Javascript, UI, User Interface, Front-End, React Links
