

Front End Developer Front End Developer Front End Developer - CARFAX Aberdeen, NJ React developer passionate about AB testing to find the best user-friendly experience possible. Experienced developing and deploying large scale applications using React, JavaScript, Node.js and REST APIs. Committed to writing clean code, unit testing, and performing code refactors where necessary. Excited to continue growing as a developer by learning new technologies, as well as learning from my colleagues. Authorized to work in the US for any employer Work Experience Front End Developer CARFAX November 2017 to Present Implemented Optimizely Full Stack to enable server-side AB testing to increase conversion rate. Revamped automated testing suite, increasing the stability, and decreasing run time to speed up production releases. Contributed to the rewrite of our state management system, making development easier, and increasing performance of the app. Influenced the improvement of our release process (e.g., branch management, pull request approvals, and handling production releases). Professional Gamer Cognitive Gaming May 2015 to January 2016 Competed at a professional level for the game Heroes of the Storm. Practiced and competed every day for six months to qualify for the America Championship. Developed the proven ability to work effectively with a wide range of personalities. Demonstrated excellent leadership skills and gained experience working in high-pressure situations. YouTube Content Creator Youtube.com/getbonkd September 2011 to August 2015 Co-founded a successful YouTube channel that has amassed over 6 million views since its creation. Created short, informational videos for games and provided high-level and quality-driven content. Built the channel from the ground up to become the most viewed channel for Guild Wars 2 content. Education High school or equivalent Skills Javascript, React, Jest/Enzyme, MobX, Redux, Optimizely, Nightwatch.js, Selenium, HTML 5, CSS, Node.js, Git Links <http://linkedin.com/in/donald-dobbin> <http://github.com/scylol> <http://donalddobbin.com> Certifications/Licenses Driver's License Additional Information Thinkful Web Development Intensive August 2017 Completed intensive, four-month full time course on modern full stack JavaScript development. Learned industry best practices and practical software development standards. Focus: HTML5, CSS3, JavaScript, jQuery, Node.js, React, Redux, and algorithms & data structures.
