

Front End Developer Front End Developer Front End Web Developer Fallbrook, CA Authorized to work in the US for any employer Work Experience Front End Developer House of Antique Hardware - Portland, OR September 2016 to Present Updated antiquated account and checkout portions of website to a backbone.js app. Made general improvements to the older code on the rest of the shop-site to improve user experience and responsivity. Backbone project slated to be public in summer 2017. Senior Front End Web Developer Saffire LLC - Portland, OR January 2015 to September 2016 Initiated and oversaw the delicate process of restructuring the Saffire platform to be responsive without detrimentally affecting the highly- customized legacy clients that share the platform. Responsible for training, management and oversight of other developers, both in-house and remote (stateside and overseas). Collaborated with the development team and designers to build out a method for quickly converting legacy clients to the responsive framework. Front End Web Developer Wright Strategies / Saffire LLC - Portland, OR August 2011 to January 2015 Responsible for all front end code development on enterprise-level sites including keenfootwear.com, bransontracks.com and the Saffire Events platform which grew from less than ten to over 200 uniquely-themed sites on a custom CMS. Contributed to the ongoing development of the platform for a better end-user experience. Spearheaded the restructuring of Saffire to increase efficiency in theming, to move towards responsive design and to facilitate 3rd party development. Web Developer IPNS - Milwaukie, OR 2008 to August 2011 Oversaw the web development process from sales through writing code, deployment and ongoing support. These sites ranged from static HTML websites to custom-themed WordPress-based CMS platforms. Direct involvement in hand-coding HTML/PHP and CSS on WordPress, Joomla and DataBridge (a proprietary PHP CMS). Web Designer/Project Manager IPNS/Drizzle - Milwaukie, OR 2007 to 2011 Worked directly with clients as project manager for all web development projects. Responsible for wire framing and graphic design of sites. Coordination with a handful of developers to output basic HTML sites and WordPress-based CMS websites. Education PHP/HTML5/CSS3 Mount Hood Community College - Portland, OR 2009 to 2010 B.A. in Music Pacific University Skills HTML (10+ years), Javascript (8 years), JQuery (8 years), CSS3 (9 years), Backbone.js (Less than 1 year),
