

Software Developer Software Developer Software Developer Glenville, NC I arrived in the United States in May 2019 from Estonia by the green card. Now i live in Glenville NC. I am in America legally and I can legally work. But I know English very badly, but i'm learning the language and I want to practice. I would like to work to learn English faster and practice more. My main goal is to find a job in the specialty as I like it and i wish in further be involved in the IT field. Now I don t really care about salary, I want to faster learn English. I think that communicating with colleagues and working in team, somehow related to programming, I will quickly gain the necessary vocabulary and will be able to work more effectively in this area. I hope you have some work for me. From my side, I promise to do all my best to be useful to you.
