

IT Project Manager - Contract IT Project Manager - Contract IT Project Manager - Contract - Met Life Mountain Top, PA I have over 15 years of successful diversified experiences in various roles in business environments. The core of my project-based experience is in multi-million-dollar information technology initiatives and programs, where I played key roles in managing active work streams. I've worked in operational and IT settings organizing and supporting high-performing teams across numerous work locations. Recently, I earned a Master's degree in Project Management from Colorado State University and am a leader of the Keystone Chapter PMI. My experience and credentialing enable me to manage project activities within the entire spectrum of both the project and IT lifecycles. I am a certified project manager and a lifelong learner dedicated to personal growth through mastery.
