

Manager, Experience Design and Lead Web Developer Manager, Experience Design and Lead Web Developer Senior Web Developer, Designer, Leader of People & Strategy San Diego, CA Expert web developer and designer; strong in problem solving, strategic thinking and leadership. 15+ years of designing technical systems to meet business needs, specifically through web applications and data services. I work great with devs and designers alike, and push my peers to focus on solving problems with thoughtful design. Lean leader focused on agile design and development processes and rapid prototyping for product validation. I believe in setting expectations and personal accountability; no micro-managing, the best solutions come from those empowered to own them. Passionate about workplace innovation and cultivating a strong company culture. Looking for a challenging, purpose-driven workplace that empowers me to use my capabilities to drive organizational success. Authorized to work in the US for any employer

Work Experience
