

Web Developer Web Developer Web Developer Murfreesboro, TN Since I was thirteen years old I have always had the passion to be creative when it came to technology. I have an ambition to learn new technologies and implement them to changing peoples lives. Ever since I've landing my first job as a Web Developer in 2015 I've always been self-taught, asked questions to seek other co-workers' perspectives, and had a work ethic that exceeded my leader's expectations. I've also have served in the church from church plants to mega-churches and have a servants heart to lead people in the right direction. I serve at my local church in Smyrna, TN (LifePoint Church) on a regular basis, lead my family daily in how to be faithful and thankful in the little things, and help non-profit organizations with their websites on the side. Web Design and Development is my passion and career. Authorized to work in the US for any employer Work Experience Web Developer United Methodist Communications - Nashville, TN April 2017 to Present Every day solutions are made fixing bugs and creating new features on all United Methodist websites. For the first year I jumped into learning our current CMS, ExpressionEngine, and then later started learning about a new CMS that we are transferring our websites to - Sitecore. Sitecore uses C#/.NET framework so I had to learn quite a bit of the application of Sitecore and the .NET language in addition to helping transfer content from our old CMS to Sitecore.
