

Project Manager Project Manager Project Manager - EMERALD PERFORMANCE MATERIALS
Vancouver, WA Work Experience Project Manager EMERALD PERFORMANCE MATERIALS -
Vancouver, WA September 2018 to Present Managed the initiation and execution of six new
product development projects of chemicals for the personal care, food, adhesives & sealants and
coatings industries using a Stage-Gate mediated system. Oversaw the process of
customer-specific projects, moderating interaction between, stakeholders, R&D, and the commercial
staff, producing \$300,000 of PM year-to-date. Applications Chemist EMERALD PERFORMANCE
MATERIALS - Kalama, WA October 2015 to August 2018 Optimized the use of non-phthalate
plasticizers and coalescents for adhesives, vinyl and coatings. Developed key data in support of a
global launch of new preservatives for the personal care and home care industries. Holds
inventorship on three pending patents. Supported the commercial and global business
development teams by educating clients at customer meetings on our technologies, preparing call
reports and NDAs, and presenting data at tradeshow & conferences. Research Assistant - Dr.
Amanda Murphy WESTERN WASHINGTON UNIVERSITY - Bellingham, WA January 2013 to June
2015 Extended the use of conducting polymer actuators for use in artificial muscles, steerable
catheters, and microvalves through chemical modification and composites. Increased bulk material
tensile strength and elasticity by 300% by synthesizing and introducing linked dimers into
pyrrole-based conducting polymers. Compounding Technician, IT Systems Administrator CUSTOM
RX SHOPPE PHARMACY - Bellingham, WA April 2010 to June 2015 Saved \$20k in
licensing/hardware and \$12k annually in maintenance fees for a recently purchased remote
pharmacy by evaluating unused software licenses and establishing a site-to-site encrypted tunnel.
Prepared in-testing transdermal drugs, under direction of a compounding pharmacist, for autism and
multiple sclerosis that are currently undergoing FDA approval. Education Master of Science in
Chemistry UNIVERSITY OF OREGON June 2016 Bachelor of Science in Chemistry WESTERN
WASHINGTON UNIVERSITY June 2015 Skills Chemistry, HPLC, Formulation
Certifications/Licenses Project Management Professional (PMP)
