

Lead Developer Lead Developer Senior Drupal Developer Marietta, GA Heinz is a seasoned web professional with experience dating back to 1999. Since 2007, he has specialized in the Drupal content management framework. Proficient in both front-end and back-end development, his expertise is in PHP, MySQL, jQuery, Javascript, HTML5, and CSS3. Heinz excels at creating custom Drupal modules that implement new, custom functionality or tie into obscure API's. He also enjoys incorporating unique designs into custom Drupal themes. He enthusiastically welcomes any Drupal challenge. In 1994, Heinz graduated Summa Cum Laude from the Georgia Institute of Technology with a Bachelor's in Electrical Engineering. In 1998, fueled by a passion for web technologies, he began the pursuit of a new career in the web development industry. In 2005, Heinz co-founded the graphic design and web development firm, Simplex Creative Group. In 2007, he became the first employee of a now established Drupal development firm, Mediacurrent. In 2010, Heinz founded the web development firm, Element 31 Web Solutions, where he is currently developing and managing fully customized Drupal-based websites and applications.
