

Front End Developer (Contract) Front End Developer (Contract) Web Developer La Habra, CA
Dynamic, quick-thinking self-starter with an entrepreneurial spirit and an innate, hunger for success. My goal is to obtain a position in Web Development to utilize my strong background in both Front End and Back End technologies and professional acumen to the fullest while contributing to the continued growth of the organization. Today, I enjoy the challenge of keeping up with the latest trends that the field of web development has to offer.
