

UI Engineer (Consultant) UI Engineer (Consultant) UI Designer Union, NJ I am an experienced, detailed-oriented, front- end web developer (UX and UI). As you'll see, I have 10+ years of hands-on experience efficiently coding websites and applications using modern HTML, CSS, JavaScript, Angular, PHP, MySQL and Design Tools (Adobe Creative Suite, Sketch), Prototyping tools ( InVision, UXpin). Building easy to use, user-friendly, responsive websites and application are truly a passion of mine, and I am confident I would be an excellent addition to your organization. In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements. This has allowed me to stay ahead of the curve and deliver exceptional work to all of my employers, including those I've worked for on a project basis. I've attached a copy of my resume detailing my experience, along with links to websites and applications, I've had the honor of working on.
