

Cyber Network Administrator Cyber Network Administrator Adaptive and Hard-Working Covina, CA I  
m now currently on search of my future job because I am soon to be discharging from my service in  
the Military. My job currently is an IT Administration kind of job, but also uses other kinds of skills  
that would be of use in the areas of Customer Services, Warehousing , People Person,  
Supportive/Love helping others, Normal Labor, and also adapting to the job at hand. I m a straight  
forward, hard working person that will try to find possibilities in order to get the job done effectively  
and efficiently at the same time going to do my best to make the company look good to others and  
its clients. Authorized to work in the US for any employer Work Experience Cyber Network  
Administrator US Marines September 2016 to Present Assisting others on basic troubleshooting and  
making sure the hardware is operational. Adding others that are new to the domain, and also  
remove/add rights to workers in the area already. Education High school or equivalent Skills  
Technical Support, Active Directory, Customer Service Military Service Branch: United States
