

Network Security Technical Analyst Network Security Technical Analyst Network Security Technical Analyst - NORTHROP GRUMMAN (SSA) Columbia, MD Work Experience Network Security Technical Analyst NORTHROP GRUMMAN (SSA) - Baltimore, MD March 2019 to Present Designed, tested, and implemented state-of-the-art secure operating systems, networks, and database products, including design of high-level dashboards, using data feeds from different network tools. Involved in a wide range of security issues including use of Cyber Security tools, whitelisting, blacklisting activities. Prepared security reports to regulatory agencies Cybersecurity Engineer TATA CONSULTANCY SERVICES - Cincinnati, OH 2018 to 2019 Working in CyberArk Architecture Project Privilege Account Management CPM (Centralized Policy Manager), PSM (Privilege Session Manager) Client Technical Analyst 2 CDK GLOBAL - Cincinnati, OH 2016 to 2018 Setup and edit ACLs (Access Control Lists) for clients Worked on Group Policies and Authentication Process IT Support Specialist NCR - Dayton, OH 2015 to 2016 Support Gas Stations Vendors Applications and System Project Coordinator ROBERT HALF - Cincinnati, OH 2014 to 2015 Coordinated recruitment or assignment of project technicians (Networking). Coordinated and planned purchase and delivery of the necessary materials. Givaudan Flavors at Carthage - Cincinnati, OH 2011 to 2013 Compounding Verified the compounding data on database and compare with actual input Ensured that FDA and USDA regulations are followed Education MSIT Master of Science in Cyber Security UNIVERSITY OF CINCINNATI April 2018 Bachelor of Science in Cyber Security UNIVERSITY OF CINCINNATI April 2018 AS Associates on Computer Networking Engineering Technology in Computer Networking Engineering Technology CINCINNATI STATE TECHNICAL AND COMMUNITY COLLEGE May 2015 Skills Active directory (4 years), Cisco, Dns, Firewalls, Hipaa, Pci, Server administration (2 years), Vlan, Security, Web services, Firewall (2 years), Malware, Sql, Cisco asa, Dlp, Ftk, Ids (1 year), Information security (4 years), Ips (1 year), Siem (2 years), Comptia, Linux (5 years), Network Security (2 years), Cyber Security (2 years) Links <https://www.linkedin.com/in/oumar-ly-9a434079> Certifications/Licenses Security+ November 2018 to November 2021 Additional Information Skills Python, Scapy, FTK Imager, Kali Linux, Bless Hex Editor, NetworkMiner and Wireshark IDS and IPS - Penetration testing - Reverse Engineering -

Rule based management - Information Security management - Malware/Threat Management - DLP  
- Load Balancers TRM (Technology Risks Management) - ERM (Enterprise Risk Management  
Infrastructure) - SIEM Java, C, C++, VB Script, Power Shell, Python, SQL, Typescript, Node js  
Digital Systems - Networks Security Design - Server Administration - Active Directory Multilingual  
(Pulaar, Ouolof, English and French), fluently read, write, and speak those languages HIPAA and  
PCI DSS. PAP, CHAP, Hands on experience in configuring Cisco Catalyst 2960, 3750, 3850,  
4500, 6500 and Nexus 3000, 5000, 6000, 7000, 9000 series switches and Cisco 2600, 2800, 3600,  
3800, 7200, 7600 series routers. Performed Configuration of Virtual Local Area Networks (VLANs)  
using Cisco routers and multi-layer Switches and supporting STP, RSTP, PVST, RPVST along with  
trouble shooting of inter-VLAN routing and VLAN Trunking using 802.1Q. Proficiently implemented  
traffic filters using Standard and Extended access-lists, Distribute-Lists, Route Maps and route  
manipulation using Offset-list. Performed configuration, deployment and support of cloud services  
including Amazon Web Services (AWS) and deploy monitoring, metrics, and logging systems on  
AWS. Working knowledge on configuring access lists. Troubleshooting DNS/DHCP issues within  
the LAN network. Involved in troubleshooting network traffic and its diagnosis using tools like ping,  
tracert, Wireshark, TCP dump and Linux operating system servers. Hands-on experience on  
Checkpoint Firewall R77, Cisco ASA 5520 firewalls. Experience in design and installation  
(Application and URL filtering, Threat Prevention, Data Filtering) Responsible for service request  
tickets generated by the helpdesk in all phases such as troubleshooting, maintenance, upgrades,  
patches and fixes with all around technical support Capstone Project 2017 - Apr 2018  
UNIVERSITY OF CINCINNATI/THE ARMOR GROUP CINCINNATI, OH Security Project Manager -  
Security Implementation Implemented and deployed OpenVas Vulnerability Scan Initiated,  
Configured Firewalls and AppLocker Analyzed logs and alerts in Splunk
