Installed and configured security software on network systems and tested new firewall firmware Responded to security/network alerts and performed troubleshooting on customer network systems Implemented security solution into customer networking systems to ensure continued PCI DSS

compliance Reviewed vulnerability scans and designed plans of action to correct issues found
Performed network/ security audits and recommended solutions/products to fix vulnerabilities
Performed audits of firewalls to ensure proper configuration per documented specifications Security
and Compliance Analyst NERC CIP 2016 to 2016 self-certification and audit readiness reviews -
audit team member Department compliance liaison - Created department compliance
documentation/procedures for 2 department technologies and 2 processes for self-reporting and
regulatory compliance. Project manager for critical infrastructure asset conversion process
Davis-Monthan AFB, AZ/ Pope AFB, NC/ Moody AFB - Sheppard AFB, TX April 2011 to April 2011
TX/ Davis-Monthan AFB, AZ/ Pope AFB, NC/ Moody AFB, GA Honorable Discharge Tactical
Aircraft Specialist United States Air Force March 2006 to March 2006 Education Masters of Science
in Information Systems/Information Assurance Management in Design Strayer University - King of
Prussia, PA August 2016 Bachelor of Science in Kinesiology/Pre-Medical in Kinesiology/Pre-Medical
Temple University - Philadelphia, PA January 2011 to June 2014 Associates of Science in Computer
Science in Computer Science/Programming Montgomery County Community College - Blue Bell, PA
Skills firewall (Less than 1 year), firewalls (Less than 1 year), networking (Less than 1 year),
Security (2 years), Tripwire (2 years) Additional Information Technical Profile Hardware: Various
PCs/MacBooks iPhone, iPad (all models) RF Devices Netgear routers/switches Dell switches
Software: Language Tools Operating Systems Professional Tools HTML, JavaScript Win 7, 8, 10
MS Office (all versions) MS Access, VBA Mac OS 8.x-10.x Visio SQL/database query experience
iOS (all versions) VMWare, VMFusion PuTTY Security / Analyst / Networking Tools Intrusion
Detection/Prevention Systems: Snort NIDS Tenable Nessus / SecurityCenter Security-Onion IDS
Monitoring Wireshark Source Fire IDS OpenVAS Firewalls: HIDS/NIDS LogMeIn remote services
pfSense MaxFocus Remote Services Microsoft Firewall OpenVPN AlienVault USM Intrusion
detection system CyberArk Privileged Account Security AlienVault OSSIM / SIEM TripWire
Enterprise Sophos Endpoint protection BMC Discovery (ADDM) BMC Remedy IT Management
Suite IBM Rational ClearQuest RSAM Risk assessment/analysis mgmt. Functioning knowledge
of LAN/WAN solutions, intermediate router/switch configurations, and back-up and restore of critical

network resources.
