

Owner/Operator Owner/Operator Windows System Administrator Joplin, MO Jack of all trades. From information security to writing SQL queries. From web design, to powershell scripts, I live and breathe technology. I am currently working on my Microsoft AZ-103 for Azure Administration, and have achieved a Comptia A+ and Security+. In my spare time, I enjoy working on my robotics projects, using my 3d printer, combined with a Raspberry Pi, and python programming. The latest feature I added was implementing google TTS(text to speech), by passing a string to their API and returning an mp3 to the speaker output. Authorized to work in the US for any employer Work Experience Owner/Operator Carthage Web Design - Carthage, MO 2017 to Present Business professional contact with potential clients Discuss clients needs and wants. Design and demonstrate prototype websites. Setup DNS, SSL, and server security.
