

Web Developer Web Developer Web Developer Sycamore, IL Experienced web developer with a solid employment track record. Excellent communicator skilled in PHP, JavaScript and SASS/CSS. Comfortable with project lifecycle as well as client relations. Lifetime learner eager to sink my teeth into the next challenge. Authorized to work in the US for any employer

**Work Experience**

**Web Developer School Tool Box** - Sycamore, IL January 2019 to Present I'm part of a team using the LAMP stack and Bootstrap 4 to upgrade the current e-commerce site. My role is developing the public-facing site including making it responsive and wiring up the back end with the existing admin models. I use HTML, SASS, JavaScript, jQuery, GIT, PHP (Yii framework) daily. Secondary duties include interfacing with an outside agency on social marketing initiatives.

**Web Developer Trittenhaus Design** - Sycamore, IL February 2017 to January 2019 I worked with our designer and clients to build and maintain WordPress sites including custom template and plugin development. I was an integral part of the team that revamped the DeKalb County, IL government site - <https://dekalbcounty.org>

**Freelance Web Designer/ Developer Hendricks Web Development** - Sycamore, IL October 2014 to December 2015 I planned, developed and maintained corporate mobile and desktop websites. Staying on top of new technologies and industry trends was critical.

**Web Developer Quiet Light Communications** - Rockford, IL January 2015 to September 2015 Quiet Light is a full-service marketing agency specializing in the food market. I was part of the web team that built and maintained websites and mobile applications for clients. I specialized in engineering front-end experiences using WordPress and Expression Engine CMS's, leveraging JavaScript and the Bootstrap Framework creating fully responsive designs.

**VP Online Services 4289** - Rockford, IL June 2009 to September 2014 At 4289 (formerly Cummings Group) I still acted as lead developer and department manager. As VP I had the added roles of overseeing day-to-day operations of the dev and creative departments. I was also a key player in the rebranding effort to transform Cummings Group as 4289.

**Director Interactive Services Cummings Advertising** - Rockford, IL January 2005 to May 2009 I revamped and managed the Interactive Department for the agency and worked with account executives, art directors and clients on projects and new-business pitches. I also assisted in planning and managing SEO and pay-per-click ad campaigns. In my first year,

agency interactive billings increased nearly 300%. Interactive Developer Cummings Advertising - Rockford, IL January 2004 to December 2005 Cummings was a full-service marketing agency. I was the lead developer on a team that created myriad interactive projects including sales presentations, corporate sites, landing pages and micro-sites for business-to-business clients.
