SECURITY ANALYST - GENERAL DYNAMICS INFORMATION TECHNOLOGY Alexandria, VA
Work Experience INFORMATION SECURITY ANALYST GENERAL DYNAMICS INFORMATION
TECHNOLOGY July 2016 to Present - SUPPORTING DHS ENTERPRISE SECURITY
OPERATIONS CENTER Monitor and respond to alerts using HP ArcSight ESM SIEM to
investigate potentially malicious traffic flagged by Sourcefire, FireEye and other in-house rules for
traffic coming across the entire Department of Homeland Security. Performed network traffic
analysis using Out-Of-Band (OOB) machine to investigate malicious traffic by analyzing .PCAP files
captured through Wireshark or RSA NetWitness and performing open source research to get a better
understanding of the traffic. Performed incident response by communicated alerts to agencies
regarding intrusions and compromises to their network infrastructure; applications and operating
systems. Assisted with implementation of counter-measures or mitigating controls. Prepared
metric reports on the status of the SOC to government officials using tools such as Splunk and
ArcSight logger to gather data. IT BACKOFFICE SYSTEM INTERN TELARIX November 2015 to
February 2016 Assisted in the migration of over 100 employees across the globe, from the server
at HQ to the Microsoft cloud. Created scripts, monitor server health, and documented various
changes on the cloud using Amazon Web Service. Managed and solved tickets with problems
ranging from Sharepoint/Active Directory permission issues to printer issues. ASSOCIATE
