

WEB DEVELOPER WEB DEVELOPER WEB DEVELOPER Raleigh, NC Relationship oriented creative, defined by a quest for knowledge in development and design. With a proven performance history in managing projects from concept to completion, as well as building and maintaining relationships, I'm seeking new challenges and the opportunity to grow professionally in web development. Work Experience WEB DEVELOPER MOMENTUM LEARNING October 2018 to January 2019 Dedicated twelve weeks to an immersive web development course that instructs on the fundamentals of programming languages, object-oriented design and project based learning. MANAGER CRAWFORD & SON June 2016 to September 2018 Held a pivotal leadership role in opening a restaurant from construction stage to launch. Designed, tested and implemented a conceptual beverage program within firm time and budgetary constraints. Instrumental in buildout of restaurant, on schedule and under budget. Onboarded and trained staff. Guided entry level employees into management roles. Grew revenue by 30% through creative marketing and emphasis on strong guest experience. Routinely increased profit margins for beverage program through controlling cost of goods and knowledge of market. Maintained a network of local vendors that helped drive seasonal menu development. MANAGER STANDARD FOODS August 2015 to June 2016 Opened a James Beard nominated concept alongside a diverse leadership team. Oversaw and led a team in a multi-faceted hospitality venture. Designed a cost control system to deliver within target profits. ~ FULL WORK HISTORY AND REFERENCES AVAILABLE UPON REQUEST Education UX Design NORTH CAROLINA STATE UNIVERSITY 2019 Links <http://www.taylorhomes.io> <http://github.com/TaylorHomes>
