

PROGRAMMER/ANALYST PROGRAMMER/ANALYST PROGRAMMER/ANALYST - IMC
COMPANIES Columbus, OH I am a multi-language full-stack developer with over four years of
experience in the software development sector. I have experience in both Agile and Waterfall
development methodologies and am highly flexible when adjusting to new technologies and
requirements. I have worked in multiple types of development teams, from just myself to multiple
development teams working towards a common project. Work Experience
PROGRAMMER/ANALYST IMC COMPANIES September 2015 to Present Improved and
maintained existing ASP.NET C# Portal for handling Chassis Usage/Per Diem Invoicing and
Accounting. Designed, developed and deployed new applications to handle shifting changes in
business automation for IMC's Accounting group. JAVA DEVELOPER FEDERAL EXPRESS
December 2014 to August 2015 Converted FedEx's Air Operations mainframe Accounting system to
distributed format (FedEx Workbench project). Created both front end and server side
implementations for legacy screens and processes. Worked closely with Accounting group end
users for both Development and User Acceptance Testing. Education BACHELOR OF SCIENCE IN
GRAPHIC INFORMATION TECHNOLOGY in ARIZONA STATE UNIVERSITY September 2019
Skills Java J2Ee, Java, Spring, Hibernate, J2Ee Links
