

Web Developer Web Developer Lexington, KY Work Experience Web Developer Canvas Development - Lexington, KY January 2006 to Present Canvas Development is your one stop shop for all your website needs. Our original development team assembled by Peyton Fouts started working together way back in 2006 on their own website. They soon realized that they worked great together and didn't want to stop there. So they decided to turn it into a business. Now we have a continuously growing team of over 35 designers, managers, and developers working with clients from around the world. Education BS in Information Technology June 2004 to April 2008 Skills Web, Mobile, and App Development (10+ years)
