

Software Developer Software Developer Software Developer - Oracle Financial Service Software
Boston, MA Work Experience Software Developer Oracle Financial Service Software July 2016 to
Present Following the SCRUM (Agile Methodology) for the development of Oracle Banking Platform
(OBP) using core JAVA, Hibernate framework and ADF (Spring MVC Architecture) Key Projects
OBP Integration with Oracle Address Verification System using JAX-RS (REST) (JAVA, REST,
JSON, SQL, ADF) Integration of Oracle Address Verification (OAV) REST Service API with OBP
in JAVA. Micro-Services (JAVA, SQL) Development of API services using Hibernate and proxy
to expose customized data. Credit Monitor Dashboard in PL-SQL using ODI & Oracle ADF (MVC
Architecture) (JAVA, SQL, OBI, ODI, ADF, JAVA) Worked on Oracle Business Intelligence (OBI),
to designed and develop a user role based customized complex, multifunctional Credit Monitoring
Dashboard (CMD) with the support of Data warehousing engine, Oracle Data Integrator (ODI) and
Oracle Application Development Framework (ADF) Database schema designing for development
of multi-user based product functionalities. OBP Integration with Equifax Analytics using JAX-WS
(SOAP) (JAVA, XML, SOAP) Developed interface integration of EQUIFAX with OBP using an
encrypted XML SOAP (Simple Object Access Protocol) service request. OBP Integration with KBB
Valuation using JAX-WS (SOAP) (JAVA, XML, SOAP, ADF) Worked with US-based vehicle
collateral valuation system Kelly Blue Book (KBB) for integration of third-party vehicle validation
service using Token Based Authentication Protocol. Others Built JAVA parser's for code
automation, XML parser's for automated custom pdf document creation. Designing and
development of mock frameworks for Equifax, KBB. Currently working on payment gateway
integration using PayNet interface with OBP. Education Master's in Computer Science Northeastern
University - Boston, MA January 2019 to Present B. E. in Computer Engineering Dwarkadas J.
Sanghvi College of Engineering - Mumbai, Maharashtra 2012 to 2016 HSC Mithibai College of
Science 2010 to 2012 Chatrabhuj Narsee Memorial School March 2010 Skills BUSINESS
INTELLIGENCE (2 years), DATA INTEGRATOR (2 years), DATABASE (2 years), INTEGRATOR (2
years), JAVA (2 years), MYSQL, Javascript, Git, PHP, Android Links
<https://www.linkedin.com/in/sujil-shah-983013b0> Additional Information Technical Proficiency

Languages C, C ++, Java 7, 8, Core Java, J2EE, Advanced Java, Java Web Services (JAX-RS/WS)
Web Tech HTML, CSS, Node.JS, PHP, JavaScript, WordPress. Database Oracle PL/SQL, Oracle
Data Integrator 12c. ORM Hibernate. Concepts Data Structures, Algorithms, Multi-Threading,
Machine Learning. Tools / Packages Eclipse, Oracle Jdeveloper 11g and 12c, Oracle BI Publisher,
OSB Routing, Oracle SQL Developer, MS Office, Android Studio, R Studio, Atlassian JIRA,
StarUML, SOAP-UI, SVN.
